# **Sutton Cleaning Solutions**

# **CAPABILITY STATEMENT**

Sutton Cleaning Solutions is a diversity, equity & inclusion commercial & janitorial cleaning company. Our vision is that we believe people cultivate greatness in clean environments. Our mission is to bring those clean environments in an efficient, diligent and cost-effective way. and

### **Core Competencies**

- Sutton Cleaning Solutions provides an eco-friendly cleaning system, floor & carpet care in commercial & janitorial cleaning services for post construction, schools & universities, government, banks, gyms & fitness centers, childcare centers, office management, restaurants, & other industries.
- Sutton Cleaning Solutions is owned and managed by former Franchise Owner
- **Wayne Sutton**. As Founder, President & Chief Executive Officer, he ensures all operations are aligned with the company's vision, mission and goal.
- Specials are provided in Mold Remediation, Deep Cleans, Pressure washing, Carpet Extraction, Dusting, Window Cleaning, Kitchen Restoration, Trash Removal, Recycling, Ground Maintenance & Upholstery cleaning.
- Environment Safe Chemicals: Ensures the safety & hazard preventions in the workplace while following the standards of OSHA, CDC, NFPA & EPA.
- **Hi-Tech & Equipment**: Primarily focusing on robotics, **UV-C** technology and **electrostatic foggers** to kill bacteria, viruses, and eliminate pathogens.
- **Flooring**: Pretreating stains & deep cleaning all hard multi-surface floors, carpet clean, strip & wax and title & grout cleaning to extend the life of flooring.

#### **Differentiators**

- Technicians are highly trained, have passed background & drug screening, experts and ISSA certified in providing high quality services, customer satisfaction and CMI Janitorial & custodial training.
- All environments are cleaned, sanitized & disinfected by commercial grade & janitorial cleaning products: Antimicrobial Surface Protection, Non-Acidic Bathroom Cleaner (NABC), Eco-Friendly & (EPA) approved.
- Our air purifiers and **CRI** approved & **HEPA** certified vacuums are designed to help filter the air to maintain an asthma & allergy friendly environment.
- All contractors and personnel are trained and advised on the proper personal protective equipment (PPE).
